For over 40 years, Beau-Roc Inc. has been a world leader in the manufacturing of custom steel and stainless steel dump bodies in North America, producing state-of-the-art designs since our foundation in 1984. Our company is as much about the quality of our employees who are part of our team as it is about the quality of our products: from design to manufacturing to marketing of our vast selection of custom dump body models to suit all fleets and applications that are distributed through our network of partners in Canada, the United States.

This is our Game and We do it well!

Our production team is looking for some **Welders-Fitters**.

Job overview:

- Fitting and welding of sheet metal and assemblies
- Perform all welding tasks and related fabrication processes
- Weld and assemble on an assembly line
- Respect safe work policies and practices at all times

Qualifications:

- Experienced in M.I.G. welding - semi-automatic would be considered an asset
- Professional training and ability to read plans would be considered an asset
- Ability to work on a fast-paced assembly line
- Sense of responsibility and initiative
- Ability to work in a team environment
- Ability to adapt in a rapidly changing environment
- Punctual and diligent
- Have a valid driver's license and access to a car

Why work at Beau-Roc Inc.? *Here are some of our perks:*

- To have a four (4) day work schedule, during the day and all your weekends off!
- Industrial Park located only 15 minutes East from downtown Ottawa-Gatineau
- Complete group benefits program, Matched RRSP, free on-site parking and more!
- Join a dynamic and professional team that works hard while having fun!
- A work environment that allows people to grow and that promotes the development of its employees;
- Exceptional operational know-how in a safe and friendly working environment;
- Inspiring challenges and a vision for long-term, stable career development.
